

The Animal Keeper

If you're going on vacation or just going to work, your pet will enjoy a wonderful stay from the moment of arrival.

Welcome— After check in, each guest is escorted to their own spacious room, complete with a comfortable, clean bed and background music. Each pet is escorted individually to our outside enclosed and very spacious courtyard.

Guest Amenities— Our guests have plenty to do during their stay at The Animal Keeper. For exercise, every guest is escorted to an outdoor, enclosed, courtyard several times each day. Your pet can make friends during the Play Pals Program, Camp, Tiny Tots, or can play one on one with our Play Time personnel. Back in their room, our guests can take a nap or play with their own personal toys. We offer a variety of special treats, including frozen peanut butter Kong's, Frosty Paws, or you may select something special from our retail assortment.

Room Service— Each guest is fed with nutritionally sound cuisine. If your pet has a special diet, we can accommodate individual needs. We want every guest to be happy and healthy during their stay at The Animal Keeper. If your pet is used to special attention at bed time we also offer Tuck-in Service upon request. An attendant will go to their suite before "lights out" and spend time with your pet, serve a small biscuit treat and even tell them a story.
